

Membership Policy

Introduction

HCCA encourages people and organisations who share its aims, objectives and values to become members of HCCA, and recognises that diversity in its membership is very important to strengthening direct consumer involvement in health decision making.

HCCA requires that members of the Executive Committee (EC) and Executive Director (ED) be current members during their tenure. Staff, participants in training and volunteers are encouraged to join, although non-membership does not preclude active participation.

Consumer Representatives are required to be a member of HCCA if the organisation is to endorse their participation.

HCCA offers membership to both individuals and organisations which provides the following benefits:

- receipt of the newsletter
- attendance and voting rights at the Annual General Meetings
- access to all services and new publications
- access to attend EC meetings
- invitation to activities, launches and other HCCA functions.

Privacy Policy

HCCA acknowledges that all individuals have a right to privacy. HCCA supports and endorses the National Privacy Principles contained in the *Privacy Amendment (Enhancing Private Sector)* Act 2012 and will comply with these principles wherever personal, sensitive and health information, as defined by the Act, is collected by HCCA.
