

Chronic Conditions Network in 2024

One of the strategic goals of HCCA is to **strengthen the cohesion and coordination of consumer organisations to ensure we remain a strong and credible voice for consumers** on health care.

To this end, HCCA created “The Chronic Conditions Network” which was officially launched in May 2023. This network is for community organisations and support groups and has the goal of *“identifying key issues affecting consumers with chronic conditions and strengthening collaboration on systemic advocacy in relation to these issues”*.

2024 Key Topics

- **June/July:** Peer Support - Panel Discussion pros and cons.
- **Aug/Sept:** Policy Submissions - Meet HCCAs Policy Team and learn about providing feedback to Government.
- **Oct/Nov:** Overview of CCN for 2024 and plan for 2025
- **Feb/Mar 2025:** TBD
